Clause: Project support is subject to the declared duration or amount of phases associated with the Project. Any additional or continued support of equipment or special prices cannot be guaranteed for any undeclared phases of the Project. Partners are also obligated to provide an update of the ongoing status of the registered project once bimonthly via email. Failure to provide an update a total of three (3) times throughout the declared duration of the project will result in the cancellation of the project form. Support on the declared project will thus no longer be considered exclusive to the partner.

I / We hereby declare the above given information is true & accurate. I / We hereby agreed by giving inaccurate and false information will result in the said project not being able to be registered.
